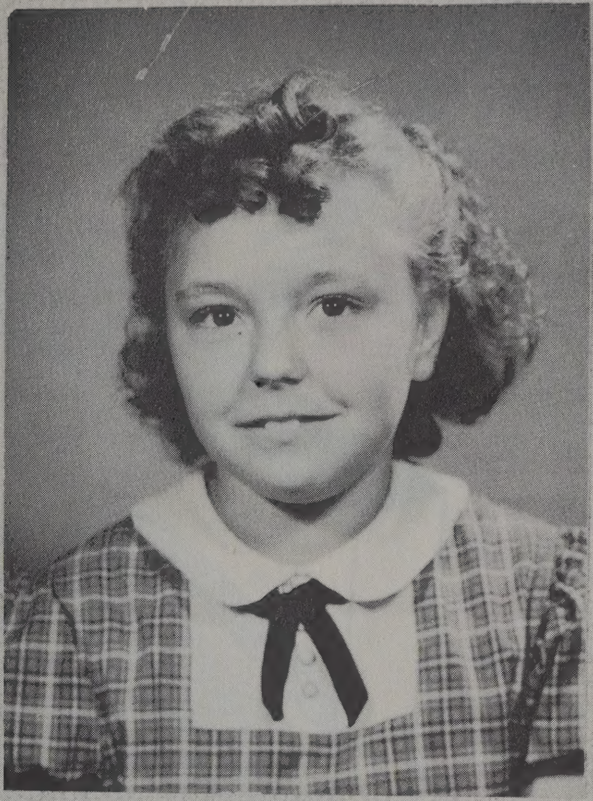
1953

THE ECHO

Carol M. Kessie

dedication



Mary Jacqueline Krider

Born August 22, 1939 (Jacky) Died January 17, 1950

Growing in that Upper Garden, "Flowers the earth too rudely pressed,"
In that land shall reach perfection By the heavenly Gardener dressed,
There the flowers bloom forever, Death can find no entrance there;
There is life and light eternal, There is joy beyond compare.

There the buds from earth transplanted For our coming watch and wait.
In that Upper Garden growing, Just within the golden gate,
Tho our hearts may break with sorrow, By the grief so hard to bear,
We shall meet them some glad morning, In the Upper Garden, there.

History of Troy Center School.

The Troy Center school was erected in the summer, fall, and winter of 1924 and 1925. This made it possible to consolidate the three one-room schools then being used. The trustee was John Hindbaugh and Frank Gruesbeck was janitor.

Etna and Tray townships were legally consolidated in 1951. The Etna schoolhouse was torn down. and a large addition was added to the Troy school house in 1952. This addition consisted of two large class rooms, boys. rest room, gymnasium, Kitchen, dining room and store room.

The architects and engineers for new addition, were Boyd. E. Phelps, Inc., the general contractors, Alfred H. Lange; and Tri-Lakes Construction Co. took care of the plumbing, heating, and electrical supplees.

Edwin F. Pugh is the trustee and H. Leigh Waugh, Kenneth Klingerman, and Melvin Wheeler served on the advisory board during the construction of the new addition.

The Etna-Troy Parent's Club was organized in November 1949, at a meeting called by our principal, Miss Barcus. A school lunch program was discussed, and it was decided that hot lunches would be of great benefit to the children, and the project might succeed with close co-operation between teachers and parents.

An organization was effected, the Parent's Club being very ably headed by Mrs. Robert Keiser, president; Mrs. Orville Tuggle, secretary; and Mrs. Arthur Krider, treasurer.

A very successful drive for funds to finance the purchase of necessary equipment, was headed by Alton Gerkin. This equipment was installed on the stage, this being the only available space. Fathers also worked together to construct a building for storage of supplies, since no storage space was available.

Meals were being served by January under the efficient management of Mrs. Buelah Burnworth, assisted by the mothers of the children.

A highlight of the year was the fish fry, given to raise additional funds. This was headed by Guy Lemon and was very successful.

Other equipment was added during the club's second year, with Mrs. Stanley Terman as head of the club. In the year of 1951, when Alton Gerkin took over the presidency of the club, the Etna children joined the school and the equipment from the Etna School Kitchen was added to that in use. With funds from both the Etna and Troy schools a new deep freeze was bought.

In the fall of 1952 a new wing to our building was completed, with a fine, new kitchen. Since a large basement storage room was available, it was painted and decorated by the club for a school dining room. Existing tables were repaired and covered with linoleum, other tables and benches were constructed. All township organizations are using this dining room, and it has proven of great value in the social life of the community.

Another project of this year was the decorating and equipping of a sick room for the school children. The committee for this project was Mrs. Lewis Miller and Mrs. G.K. Burkitt. This room was painted, cots equipped, medical supplies purchased, and the room decorated with plants, pictures, draw drapes, attractive spreads, and chintz covers for sewing machines. The office was also redecorated in the same manner.

The labor for all these projects has been contributed by the parents. The workings of this Parents Club have been of great value to the community, and have only been possible because of the fine co-operation of Miss Barcus, the other teachers, Mr. Pugh, the trustee, and the parents. It is something of which we can all be very proud.
